

# PIG CARE CAST IRON SLATS

## Self-supporting Cast Iron Slats for weaner and farrowing pens.

- Manufactured in GGG- iron
- Gives non-slip security
- Easy to install
- Easy to clean

Type V and F are for farrowing pens.

We recommend Type V in the farrowing pen, because it gives more non-slip security for the sows and reduces the risk for injuries on the sow's nipples.

Type L is recommended for weaners because of the good manure passage.
